

# THE BRAINERY'S HOMESCHOOL SUPPORT PROGRAM

Supporting families and students through  
their homeschooling journey.

## WHY THE BRAINERY

The Brainery recognizes the diverse needs of homeschooling families and strives to provide additional support through our homeschool tutorial program. We offer lesson plan support and live tutoring to complement the homeschooling experience. By tailoring our services to meet the unique requirements of each family, we aim to empower parents as educators and ensure that their children receive a well-rounded education.

## INDIVIDUAL COACHING

Individual coaching offers families support in developing a tailored lesson plan and matching them with a coach for personalized academic support in reading and math. Each virtual session lasts an hour, providing flexibility and convenience for families. Lesson plan support will be provided in ELA, math, social studies, and science.

## SMALL GROUP COACHING

Small Group coaching offers support to up to 8 students with the development of tailored lesson plans and matching them with a coach for personalized academic support in reading and math. Students should be in the same developmental range and able to meet at the designated time. Each virtual session lasts an hour, providing flexibility and convenience for families. Lesson plan support will be provided in ELA, math, social studies, and science.

## BENEFITS

### 1. Support for new homeschool families

The Brainery simplifies homeschooling for families by offering comprehensive support, including lesson plan creation, portfolio management, flexible scheduling options, and access to highly qualified coaches.

### 2. Support for students with learning disabilities

The Brainery's coaches are equipped to support students with learning disabilities in a virtual environment. By utilizing diverse methods of instruction and differentiation, they can tailor the learning experience to meet the individual needs of each student.

### 3. Spanish Lesson

Spanish language learning can be integrated into a comprehensive package or offered as an independent service. Sessions can be either 30 minutes or an hour long.

## INCLUDES

- IXL or N2Y access
- Diagnostic Tests (Pre & Post)
- Standard-Based Rubric
- Learning Plans (Reading & Math)
- Lesson plan support
- Digital Portfolio
- Grades K-8\*

# THE BRAINERY'S HOMESCHOOL SUPPORT PROGRAM

## QUESTIONS & ANSWERS

### 1. What grades are supported?

Students in grades K to 6 receive support, while those in 7th and 8th grades with remedial needs can also get assistance.

### 2. What device do I need to run virtual sessions?

Sessions require a video-capable device for access. It is recommended to use a laptop as iPads, tablets, and phones may not support all the necessary features to their full extent.

### 3. How much is registration?

Registration is \$100 per student for individual sessions or \$200 per small group. Registration fee is refundable.

### 4. How does the process work?

Parents choose between IXL or N2Y as their online platform, along with a curriculum. Students undergo a diagnostic test for reading and math, and the outcomes are utilized to develop a personalized learning strategy. A digital portfolio is set up to compile finished assignments. Students receive direct instruction in reading and math, and optionally in Spanish.

### 5. The difference between individual & small group?

Small group sessions provide similar benefits to individual sessions. However, in small groups, students need to be academically matched as there will be a single curriculum for reading, math, and optional Spanish. Families can adjust the social studies and science components as needed. Each student undergoes a diagnostic test in reading and math to develop a personalized learning plan.

### 6. What packages are available?

The Brainery's offers 3, 6, and 9-month packages. Packages are counted by calendar month and are inclusive of the scheduled breaks.

### 7. Do you offer discounts?

We offer a 10% discount for renewed packages, paid in full, or a Good Neighbor discount. Discounts cannot be combined. (Good Neighbor is a teacher, police, nurse, fire/EMT, and military personnel)

## SESSION CALENDAR

### Tuesday-Thursday 10 am-2 pm

- September 3 - May 29
  - No enrollment after March 1st

### Days Off

- Nov. 5 - Election Day
- 1 Week Off (Thanksgiving)
- 2 Weeks off (Winter Break)
- 1 Week off (Spring Break)
